  - The NSRC aims to provide search and rescue services and manage related operations.
  - Implementation of the general policy of search and rescue and procedures related to the management and organization of search and rescue operations.
- 

# About NSRC

## Our Vision

To be an international example of rapid response and operational readiness for search and rescue by harnessing the latest resources, technology and communications available.

## Our Mission

Strengthen and consolidate capabilities, communications and coordination of efforts in providing search and rescue services in the UAE's land, maritime and air territory with the concerned authorities and respond quickly to the event within a maximum of one hour (Golden Hour) to ensure the safety of life and property in accordance with the highest international safety standards for search and rescue.
